## Debate Predicted If U.N.O. Group Hedges on Site

London Office Hints That  
No Specific Location  
Will Be Proposed  
by Committee

Prospects for a wide open debate before the U.N.O. General Assembly in London on the question of making a final decision in the selection of a site for the permanent headquarters for U.N.O. are shaping rapidly today, according to the Associated Press.

An AP dispatch from London covering general topics now under discussion carried with it a footnote that two big jobs will confront the General Assembly in the next few days. One is the selection of a site for the U.N.O. permanent headquarters, the other is the election of a secretary-general.

As the result of anxiety for a quick decision on the U.N.O. site, the site inspection committee, now quartered in New York city, has been ordered to get back to London by February 2. This would be two days before the originally-planned date of February 4.

Best available information from London, the A.P. reports, is that the site committee may not recommend a specific place for the U.N.O. to settle down, but may merely describe two or three locations in the New York area and a similar number around Boston without giving any one place a priority.

Such action by the committee would offer such a latitude of opinion that a wide open discussion would be almost certain to follow in the general belief.

Leaders of the big powers were reported trying to wind up the London meeting of the general assembly within 10 days and move the U.N.O. to a site in the United States as soon as possible.

Other Points Discussed  
British Ambassador Sir Archibald Clark Kerr told a press conference today that he had discussed Indonesia with Generalissimo Stalin and Foreign Commissar V. M. Molotov.

Clark Kerr is leaving tomorrow as a special British envoy for Indonesia. Then, he said, he hopes to take a vacation in Scotland before going to his new post as ambassador in Washington.

Selection of Gavan-Es-Saltanah as premier of Iran probably will give United Nations a temporary victory in the first political dispute placed before the United Nations Security Council, American and British informants said today.

The Iranian delegation, which appealed to the council a week ago to intervene in the Soviet-occupied zone of Northern Iran, said new instructions were expected over the week-end.

Officials predicted that Saltanah, who is known to back friendly relations with Russia, would under the case either dropped or shelved while he negotiated directly with Moscow for a settlement.

Direct negotiation was advocated by Russia in a letter to the Security Council yesterday. Russia denied charges of interference in the internal affairs of Iran and said she was "categorically opposed" to council consideration of the case.

One possibility known to have received consideration by Britain is that if the Iranian case is withdrawn from the council by the Iranians themselves, it might be deflected by some other nation on the ground that the dispute endangers world peace and security.

This was the ground on which the Soviet Union and the Ukraine asked the council to investigate British activities in Greece and the Dutch East Indies.

Sir Archibald Clark Kerr (above) will become the British ambassador to the United States May 1, succeeding the Earl of Halifax.

## War Bride's Trip To Join Kingston Husband Delayed

British-Born Spouse of  
Reese E. Every Held  
Up in England  
by Illness

Mrs. Ruby May Every, 17, British born wife of Reese E. Every, U.S.N.R., of 73 Fair street, Kingston, is one of 12 G.I. brides whose journey to the United States to rejoin their American husbands was held up today in Tidworth, England.

According to the Associated Press, Mrs. Every was to have been part of a contingent of 600 G.I. brides making the trip, but at the last moment she and 11 others were detained for minor illnesses or personal reasons. Three others expected babies soon. They were told they would have to wait a later sailing.

Two special trains carrying the war brides left Tidworth, England early this morning for Southampton where the liner Argentina was scheduled to leave at 5 p. m. (12 noon E.S.T.) for the United States.

Brides Are Thrilled  
The British brides, most of whom are between 18 and 25 years of age, said they were thrilled to be finally ready to start toward reunions with their husbands.

While here, they were quartered at historic Pelham Down barracks, once used by Boer War troops, which has been converted into a sort of nursery complete with racks for drying "dildies" and facilities for heating milk bottles.

German prisoners loaded piles of trunks and baby buggies for storage in the barracks' hold.

The Argentina, formerly used as a hospital ship and now operated by the United States Lines, is expected to dock in New York February 3 or 4.

Twelve of the original contingent, the only unhappy people in this big camp, have been told they would have to wait for later sailing.

Estelle Bottiglieri, wife of P.F.C. James Bottiglieri, of 700 Chestnut street, the Bronx, New York, one of the lucky ones to sail knows what she doesn't want. She doesn't want ever to work on a farm again. A land girl during the war, she married a G.I. friend.

Early Italian Treaty  
Rome, Jan. 26 (AP)—Vice Premier Pietro Nenni, who has just returned from London conferences with British leaders, expressed the belief today that the final drafting of a peace treaty between Italy and the Allies would begin within a few days.

## Three Sides Under Fire Before House In Labor Struggle

C.I.O., G.O.P. and G.M.C.  
Lashed by McCormack  
as Mediation Move  
Is Deadlocked

Washington, Jan. 26 (AP)—The Republican party, General Motors and striking C.I.O. autoworkers all were charged today with contributing to the troubled labor situation.

Rep. McCormack of Massachusetts, House Democratic leader, claimed the G.O.P. was backing "big business" in a campaign to "break the unions."

Senator Morse (R-Or.) said the G.M. strike looked to him as if both sides "simply want to slug it out" without any interference from Congress.

The Senate labor committee, of which Morse is a member, sought further information on the General Motors deadlock by calling Walter Reuther, youthful boss of the auto workers who walked out nine weeks ago.

McCormack made his attack on the Republican party in a radio address last night, asserting that the people "can already identify the forces that have brought the wheels of industry to a stop."

"Yes, the Republican party has long ago given the nod to big business, has long ago said: 'Go ahead and break the unions as you broke them after World War I. Crush them, sell them and let the consequences descend upon America where they may.'"

Want No Mediation  
Morse used the "slug-it-out" summary in giving a reporter his appraisal of the G.M. strike situation. He based it on the lengthy testimony given the labor committee yesterday by C. E. Wilson, president of General Motors, and R. J. Thomas, president of U.A.W.-C.I.O. They testified on the proposed fact-finding bill.

"Apparently both sides in this strike are opposed to any labor legislation by Congress," Morse said.

Both witnesses ran into trouble when they told the committee they thought this is no time for Congress or the government to step into the strike that Thomas said was costing 150,000 union members more than \$1,000,000 daily in wages.

Charge Wilson Hedged  
Senators Morse and Ellender (D-La.) said Wilson was "evasive" as committee members tried to elicit suggestions for ending the labor turmoil.

"Wilson evaded and hedged on many issues," Morse told the committee.

Thomas testified he believed that when President Truman offered the fact-finding bill with its "cooling off" period before strikes he "stepped into" a "well-planned trap."

Thomas said that auto workers had been "cooling off" all during the war and during long negotiations that preceded the strike.

He added that now they are "freezing outside gates of General Motors plant all over the country while General Motors is heating the press and heating up Congress for anti-strike legislation."

If Congress wanted to do something, Thomas suggested it order a complete investigation into what Continued on Page Two

## Police Are Alert In Telegraph Area

Strong Line Is Formed  
Where Pickets Clashed  
in Battles Friday

New York, Jan. 26 (AP)—Three hundred pickets, watched by 100 wary policemen, marched in an orderly line outside Western Union's Hudson street headquarters today, scene of a series of picket line clashes yesterday between police and striking C.I.O. workers.

Seventy-five patrolmen and detectives formed a shoulder-to-shoulder corridor today between the picket line and the building's West Broadway entrance so that workers could make their way from nearby subway exits to the entrance.

Other police were on the sidewalks while motorcycle patrolmen and mounted police cruised up and down the roadway. They insisted that lanes to the nearby subways be kept clear.

Union "spotters" in a sound truck, who on previous days had picked out non-strikers scurrying for the entrance and had started a chorus of "there goes another scab" were absent today at police request. Their sound truck was parked nearby.

About 60 non-strikers entered the plant during the first 45 minutes of large scale picketing today. The strikers, members of the American Communications Association, C.I.O., are protesting a wage order of the defunct War Labor Board which was handed down December 28 and which reduced a previous award granted by the board's regional office.

Seven thousand members of the union are on strike against Western Union in the metropolitan area. Yesterday, pickets fought four times with mounted and foot police and detectives seeking to protect workers entering or leaving the office. Nine persons were arrested and several were injured.

After the disorders Saul Mills, secretary of the Greater New York C.I.O. Council, issued a call for 500,000 members to join the picketing "to end the immunity federal and state agencies have granted the company."

More R.A.F. Men Put  
On "Go Home" Rally  
Calcutta, Jan. 26 (AP)—Twelve hundred non-commissioned R.A.F. personnel struck today at Lumadum, 12 miles from Calcutta, in the fifth "we-want-to-go-home" demonstration by British airmen this week.

A similar work stoppage entered its third day at the Katunayake airport of Colombo, Ceylon, in defiance of an R.A.F. headquarters announcement that such demonstrations "would not be tolerated in any circumstances."

Seven hundred men stationed at Lydda, Palestine, and a like number at Almaty, near Cairo, returned to their jobs today, ending a walkout which had threatened to interrupt the withdrawal of troops from the Indian theatre.

A three-day strike of men at the Maulpur camp near Karachi ended yesterday.

Anderson Car Stolen  
While Mrs. Howard Anderson of Kerkonson was attending a meeting in the Governor Clinton Hotel last night, someone stole her 1942 Chevrolet sedan, which was parked in front of the hotel, according to reports received by the police. Mrs. Anderson said she had left the keys in the car when she parked it in front of the hotel.

## 3 Tried to Blame Him, Says Short On Pearl Harbor

Washington, Jan. 26 (AP)—Maj. Gen. Walter C. Short today named Generals George C. Marshall, L. T. Gerow and Sherman Miles as individual members of the general staff he said tried to shift to him the blame for the Pearl Harbor disaster.

Testifying for the fifth day before a Senate-House Committee, the 1941 Hawaiian army commander expanded under questioning by Senator Ferguson (R-Mich.) his previous charges that the War Department had attempted to make him the "scapegoat."

Ferguson asked who Short meant by the War Department. Short replied he was talking about the general staff.

Ferguson wanted to know which individuals Short said he had in mind. General Marshall, who then was chief of staff, Gerow, then head of the War Plans Division, and Miles, then head of Intelligence.

They were the ones, the witness said, who should have sent him information that he did not get and which he contended would have caused him to place in effect an all-out alert that might have caused the Japanese task force to turn back.

## Cold Wave Promised For This Week-End

A damper was clamped on the welcome above freezing temperatures that prevailed in Kingston yesterday and this morning when the weather bureau reported that a cold wave would envelop the city and vicinity tonight, driving the mercury down to subzero readings extending over Sunday.

Yesterday temperatures in the city, according to the readings of the official thermometer, ranged from a low of 29 to a high of 41 degrees, while this morning at 5 o'clock the mercury stood at 33 degrees.

## Lewis' Return To A.F.L. Hailed By Union Heads

Weight Possibility C.I.O.  
May Lose Some Other  
Groups to Parent  
Organization

By HAROLD W. WARD  
Miami, Fla., Jan. 26 (AP)—Return of John L. Lewis to the American Federation of Labor was regarded by A.F.L. leaders today as good for them, but bad for the C.I.O.

Lewis left the A.F.L. 10 years ago in the row over his formation of the Committee for Industrial Organization. In 1942, he quit the C.I.O., and yesterday he completed the circuit by taking his United Mine Workers back to the parent federation. He paid dues for 600,000 members.

The man with the bristling brows who came up from the Iowa coal pits was welcomed back to the federation at the mid-winter session of the executive council yesterday. He was given the vote of the 15-man council and was appointed 13th vice president.

One of the A.F.L.'s most influential leaders who was not always a friend of the miners' boss, said his return to the federation probably "is going to be very helpful."

Others May Follow  
He suggested there are "still quite a few C.I.O. union members who have a feeling of respect for Lewis and might follow him back to the A.F.L."

En route here to formally accept the seat, Lewis declared in Mobile, Ala., last night that re-affiliation of the U.M.W. with the A.F.L. was "a step of major magnitude with far reaching consequences to labor and the country."

He said the decision to re-affiliate was "obviously well considered and reached after much consideration at conferences from time to time with officers of the A.F.L."

A.F.L. President William Green said he would continue at the helm of the federation.

## No Relief in Sight for Fresh Meat as 134 Plants Operate Short Handed

A.F.L. to Return  
'Temporary Truce' Is  
Declared so 55,000  
May Resume Jobs

Chicago, Jan. 26 (AP)—The Federal Department of Agriculture controlled the bulk of the nation's meat industry today but a continuing strike of 193,000 C.I.O. Packinghouse Workers indicated no immediate relief in the shortage of fresh meat supplies.

Without formal ceremony, the government at 12:01 a. m. today seized most of the 134 plants which had been strike-bound for 10 days. But refusal of C.I.O. workers to return to work in the federally-operated plants left the government short of necessary manpower to insure normal operations.

'Temporary Truce'  
As the agents designated by the government posted President Truman's seizure order, the Agriculture Department had a promise that 55,000 A.F.L. union strikers would go back to their jobs. A.F.L. union officials have declared a "temporary truce" in the war, which started January 15 following a breakdown in wage negotiations between the union and packers.

The government seizure was a "token action," and picketing by C.I.O. strikers in many plants continued early today. The strike strategy committee for the Chicago district, locale of the war's largest stockyards, said "our highest lines stay up regardless of the seizure."

Leaders Won't Bend  
Earlier, reports from C.I.O. officials at many of the plants under federal management indicated the C.I.O. employees were not returning to work, despite instructions of international union leaders who refused to heed Mr. Truman's seizure order. No disturbances were reported in the morning hours as the union held firm in its decision to keep its members on strike.

The government's next step in getting the C.I.O. strikers back to the plants operated by companies, including the five major firms, was not disclosed.

In Washington, Secretary of Agriculture Anderson said last night he had telegraphed Lewis J. Clark, president of the C.I.O. United Packinghouse Workers, he favored putting into effect any wage increases a fact-finding panel, now holding hearings in Chicago might recommend.

Up To Members  
Clark said he had received Anderson's telegram. However, he added: "Only our membership can decide when they will go back to work and under what conditions they will work."

Yesterday the union's national wage policy committee unanimously voted to order the strikers back to work, termed "a complete double cross." Mr. Truman was charged by the union officials with engaging in a "strike-breaking action."

The officials said the union earlier had been assured by government authorities that the seizure order would contain provisions for making effective any wage boost the meat panel might recommend.

To Name Managers  
Gayle G. Armstrong, government operator of the plants, before the 12:01 a. m. seizure hour met with representatives of 11 packing companies.

He said they agreed to cooperate with Federal control and designated the president of each company as his agent for the government during its control. They were instructed to appoint a manager for each plant or facility as a government representative.

Similar meetings were planned today by Armstrong with officials of eight other packing companies involved in the wage dispute.

The managers were directed to maintain all terms and conditions of employment, including hours of work and wages in effect when the strike started.

## Weather Conditions Cancel Blimp Trip; Survey Reported Monday

New York, Jan. 26 (AP)—A tour of northern Westchester county, N. Y., and Connecticut sites was included today on the agenda of the seven-man committee selecting a temporary and permanent headquarters for the United Nations.

The group plans to drive to Greenwich and North Stamford, Conn., and then view the north Westchester area, which it had inspected previously. The inspection originally was to be made from a Navy blimp but weather conditions forced cancellation of the air journey.

Dr. Stefan Gavrilovic, committee chairman, disclosed yesterday that Governor Whalen, chairman of Mayor William O'Dwyer's New York city committee on U.N.O. had offered the use of Manhattan Center or the City Center as assembly halls if the city were selected as the U.N.O.'s temporary site.

The group inspected the Sperry plant at Lake Success in Nassau county, and Dr. Gavrilovic termed the site as "very good indeed" as a possible interim headquarters although handicapped by inadequate housing.

## 8th Army Men With 45 Points Coming Home

Yokohama, Jan. 26 (AP)—All enlisted men in the Eighth Army with 45 or more points were to have been in disposition centers for yesterday for return to the United States for discharge, headquarters announced tonight.

Also called in were officers with 67 points.

Enlisted men with 24 months service and officers with 43 or more by January 31 are due at the centers on that date.

Ex-Congressman Dies  
Dover, N. J., Jan. 26 (AP)—William F. Birch, 73, former Republican congressman from New Jersey and well-known New Jersey banker, died yesterday at Mount Pleasant Hospital, Montclair. He leaves his widow, Anna, three sons, Foster and William D., both of Brighton, and Horace G. of Newark; and a sister, Mrs. Josephine Stanley of Garden City, Long Island, N. Y.

## Strikes at a Glance

(By The Associated Press)  
Approximately 1,615,000 workers idle throughout country because of labor disputes.

Meat—Government seizes strike-bound meat packing plants but 193,000 C.I.O. striking employees refuse to return to job; plan to maintain picket lines; lack of manpower indicates no immediate relief in shortage of fresh meat supplies; 55,000 A.F.L. employees due to return to work in federally-managed plants.

Steel—No major developments in nationwide steel strike of 750,000 C.I.O. workers as wage dispute stalemate; 55,000 workers in related industries made idle by shutdown of plants, mills and iron ore mines in 29 states.

Automotive—C.I.O. United Auto Workers plan to resume wage negotiations with Chrysler Corp. amid reports company has offered union an 18 1/2 cent hourly wage increase retroactive to January 1; new layoffs in Packard and Ford Motor Companies in Detroit.

Utilities—Strike threatened by 200 key workers of Kentucky Utilities Company, cutting electrical power to 58,000 consumers in southeastern Kentucky and southwestern Virginia, after breakdown in wage negotiations.

Communications—Greater New York C.I.O. Council issues call for members to join picketing; amid fights between union pickets and police in month-old strike of 7,000 Western Union employees.

## Trees and Pies Futile But "Dead-Eye" Cramer's Trusty Tommy Stops the Mad Bull

A wild steer on a rampage caused considerable excitement in the downtown streets Friday afternoon until the animal's mad flight was ended by a shot from the police riot gun in the hands of Officer Wesley Cramer.

Cramer and Patrolman Lennel Howard in one of the police radio cars pursued the steer, catching up with it on McEntee street. As Officer Howard drove the car alongside the animal, Officer Cramer shot it.

The first intimation the police department received of the mad-steer was at 4 o'clock that afternoon when a telephone call for assistance was received. The alarm over the radio was picked up by the two officers.

The steer after breaking loose from the abutment, ran through the streets in the vicinity of Meadow street, scattering pedestrians. The animal ran up the Chambers street hill, and school children who were coasting on the hill scattered and sought shelter.

Steer Slashes off Pie One little boy, as he saw the animal headed for him, ran behind a large tree, and as he did so the steer plunged into the tree head-on. The steer shook its head, and then resumed its flight, leaving the impress of its head on the tree.

A man on the way home from the bakery with a pie hurled it at the steer and then sought safety in flight. The pie missed the steer and the steer missed the thrower.

But the berserk steer hadn't reckoned with "Dead-Eye" Dick Cramer and his faithful trusty Tommy. The sharp-shooting patrolman cost him his earthly existence. As the police car pulled up alongside the distraught and badly-winded steer on McEntee street, between Stone and West Pierpont, Officer Cramer opened fire with the riot gun and the steer promptly joined its ancestors in the land of hamburgers and steaks.

Paris Printers Strike

Paris, Jan. 26 (AP)—A general strike this morning by printers demanding a pay increase of approximately 100 francs (81 cents) a day left Paris with no newspapers except three English-language papers—Stars and Stripes, Herald Tribune and Daily Mail.

Despotic owners said they could not raise wages because of a government order freezing salary increases.

The strike left the city in a state of confusion.

## Government Short Of Meat Packers

Continued from Page One

union said some members might "rebel" against back-to-work orders without assurances of the mandated wage hikes.

No Friction Seen

They did not anticipate any friction with C.I.O. pickets, as the A.F.L. union has no membership in plants where the C.I.O. is the bargaining agent, and the C.I.O. has none where the A.F.L. is the collective bargaining contract.

An early decision is expected from the meat panel, which continued its hearings today on the wage issue. The C.I.O. had asked a wage hike of 25 cents an hour, 17 1/2 cents now, with the additional 7 1/2 cents to be negotiated later.

The A.F.L. union demanded a pay boost of 20 cents an hour or a 5% minimum for a 40-hour week. A 10 cents an hour increase was the highest offer made by any major packer.

SKEETS ROUL DANCERS

Aerial raids by three mosquitoes broke up the monthly dance of the Tiquiza Athletic Club in Buenos Aires, Argentina, members declare. The organization committee had placed special under the tables and chairs, beneath the bushes and around the open air dance floor, but the loud squeaks practically drove out the music and the affair broke up.

"Every church should be as inviting as a cinema, with seats as comfortable," declares the Rev. J. H. H. of Hingham, England. "Watch seating for the most part is a thorough disaster. It is impossible to keep people awake, then let them sleep in a convulsion."

## Women Behind Dewey to Remain As N. Y. Governor

New York, Jan. 26 (AP)—The campaign of the influential Federation of Women's Republican Clubs of New York State to re-elect Gov. Thomas E. Dewey this year was underway today—but without official blessing from the party head.

Jane Todd, vice-chairman of the New York state committee, speaking at a meeting yesterday of the federation, of which she is president, termed the session "the opening gun in the 1946 campaign."

Gov. Dewey, however, has not yet officially declared his intention of seeking re-election.

Admonishing the delegates to "roll up your sleeves and go to work," she declared:

"Women are the majority group in this state. The responsibility for what happens is on our shoulders. We are going to finish on Election Day by re-electing our Republican administration with Governor Dewey, of course, heading the ticket."

Glen R. Bedenkapp of Lewiston, G.O.P. state committee chairman, told the women that "nothing more catastrophic could happen to the Republican Party nationally than for the Republican Party to lose control of New York state in 1946. He added "it would be the greatest disaster that could happen to good government in the United States."

The Dewey administration, he said, was "unsurpassed in this state or any other state in the union."

"Frankly, on the record alone, we should win without any work whatsoever being done, but lots of people don't follow public affairs as you and I do, and we can't take any chances."

## Zion Church Drive Opens on Monday

Campaign Will Start With General Meeting

The drive to raise \$3,500 to liquidate a mortgage on the Franklin Street A.M.E. Zion Church will be launched Monday, Herman G. Rafalowsky, chairman of the drive, announced today.

The campaign will get underway with a meeting of the general committee. All members are urged to be present.

Meanwhile appeal letters have been mailed to all prospective contributors. All persons desiring to make contributions may send their checks to Harold V. Clayton, of the State of New York National Bank, who is treasurer of the drive.

## Bar Association Favors Loughran, Medalic as Judges

The New York State Bar Association, in session in New York city, Friday adopted a resolution calling for the nomination by all political parties of Chief Judge John T. Loughran of Kingston and Associate Judge George Z. Medalic, both of the Court of Appeals, for election in November to full terms in their respective offices.

Judge Loughran resigned as associate judge of the court following the death of Chief Judge Irving Lehman last September and was appointed by Governor Dewey to replace him. Judge Medalic was then appointed to the associate judgeship left vacant by Judge Loughran. Both terms expire on December 31.

## Compromise Effected In Firearms Suit

Before Justice Percy Bush of the town of Ulster Friday night, Otto Seyfert, 43, of Edenville, charged by the State Conservation Department with illegal possession of firearms, made a civil compromise settlement of \$50. Criminal charges were withdrawn.

Seyfert had been free under \$250 bail since his arrest on November 28, by assistant game protectors from the Kingston office of the Conservation Department and a deputy sheriff. He was arrested after execution of a search warrant had disclosed a shotgun in his house.

The case had been postponed a number of times and finally had been set down for a jury trial Friday night. A representative from the attorney general's office was present and arguments were at hand, when the compromise settlement was made. Seyfert was represented by Attorney William A. Kelly.

## SHELLS TRAVEL FAR

How shells found their way only on the coast of China got to Pansy Beach near Mossel Bay, South Africa, is puzzling the curator of Oudshoorn Museum, to whom they were given by Mrs. J. Caswell, who found them. The shells, very brittle, are shaped like pansies. It is thought they may have been carried by freakish currents.

## HOSPITAL KEPT OPEN

Housewives of Ipswich, England, whose lives were saved during the blitz, in the operating theatre of East Suffolk Hospital, were among the volunteer cooks who helped to keep the hospital open recently when the kitchen staff was so reduced that the institution was about to close. It has 800 patients and a waiting list of 800.

## Krueger Honored General Who Commanded 6th Army Decorated by MacArthur

Tokyo, Jan. 26 (AP)—General MacArthur today decorated Gen. Walter Krueger, retiring commander of the Sixth Army, with the Distinguished Service Cross and an Oak Leaf Cluster to his Distinguished Service Medal.

It was MacArthur's 66th birthday and Krueger's 65th.

MacArthur recalled that they had been comrades in arms more than 40 years and said:

"No army in military history ever had a greater leader than General Krueger and no army ever had a record of accomplishment greater than that of the Sixth Army."

The Sixth Army led the long drive from Australia to the Philippines and is being inactivated today at Kyoto.

## A.F.L. Ranks Swelled By 50,000 Brewery Men

Miami, Fla., Jan. 26 (AP)—Further consolidation of the American Federation of Labor ranks impounded today as announcement of the return of the Brewery Workers Union was awaited following the return of John L. Lewis and his 500,000 United Mine Workers.

Lewis reentered the A.F.L. fold yesterday, and the seven-year schism of 50,000 brewery workers could be declared at an end at any time.

The growing peace movement on the conservative A.F.L. front was seen by leaders here as good for them, but bad for the C.I.O.

Not even the vigorous objections of John Marchiondo, head of the A.F.L.-affiliated Progressive Miners Union which he claimed has 35,000 members, to Lewis' return cast any deep shadow over the federation picture.

Marchiondo held a last-minute conference with A.F.L. President William Green yesterday, then hurriedly departed for Springfield, Ill., to call his executive board together in preparation for a Progressive Miners' Convention.

## Inquiry Opens

Cheshire, Conn., Jan. 26 (AP)—Three representatives of the Civil Aeronautics Board assembled here today for an inquiry into the Eastern Airlines plane accident of last week in which 17 persons were killed. W. K. Andrews, chief of the C.A.B. investigation section, said today's session would be confined to hearing eyewitness accounts of the tragedy, the most serious in Connecticut aviation history.

he termed it a "general conspiracy to destroy labor unions."

Senator LaFollette pointed out there had been a "great hue and cry" for Congress to "pass a law" because of strikes and asked Wilson about this.

"To pass a law to make people work is like the prohibition attempt to try and keep people from getting drunk," Wilson said. "It won't work."

## Hasty Disarming Scored by Nimitz

Navy Chief Asserts U. S. Must Remain Strong to Discourage Attack

Washington, Jan. 26 (AP)—Fleet Admiral Chester W. Nimitz declared today that if there is a World War III the aggressor's first move will be a smash at the United States.

"Two world wars have shown beyond dispute that the United States is the real barrier to any one dreaming of conquest," he said in an address prepared for the Women's Patriotic Conference of National Defense.

"The Kaiser learned it no more thoroughly than Mussolini and Hitler and Tojo. It ever there is a next time, the United States will be first on the list."

"If we can be crushed, the current of conquest may well engulf the world. But if we have at hand the strength we need, the attempt will almost certainly not be made."

The Navy's chief of operations asserted that the rush to disarm enemies could not do anything away the very bone and muscle of our armed forces.

"There is no such thing as a weak and helpless leader," Nimitz said. "If we are to lead the world toward lasting peace, we must be strong enough to discharge the responsibilities of leadership."

## Stars and Stripes Folds In Mid-Pacific Area

Honolulu, Jan. 26 (AP)—The Middle Pacific edition of the Army newspaper Stars and Stripes will discontinue publication Wednesday because "of lack of qualified personnel."

LT. Gen. Robert C. Richardson, Jr., announced today.

A special message to his mid-Pacific command, Richardson said, "The necessity of returning promptly to the mainland office and enlisted men eligible for discharge will almost completely deprive the paper of its staff and management personnel."

"The passing of Stars and Stripes will be viewed with regret by thousands of men of the armed forces who have been so ably served through its columns."

The out-spoken mid-Pacific edition began publication May 11, 1945. It averaged 90,000 circulation along the world's longest paper route—from Honolulu to Okinawa.

## Speaks to Children

Vatican City, Jan. 26 (AP)—Pope Pius XII received 35,000 Roman children today in the largest audience of his pontificate. He spoke for 15 minutes, but his words could not be heard by the audience because the microphone was broken.

The Pope also received U.N. R.A.C. officials who are aiding the children with food and clothing.

## 4-H CLUB NEWS

## Port Ewen

The Anderson 4-H Homemaking Club has been meeting every Thursday for the past three weeks.

January 3—At this meeting no special procedure was followed. All members were present. Mrs. Yeager gave a recipe for muffins.

January 17—The meeting came to order at 3:45 o'clock. The minutes were displayed and Mrs. Yeager gave a recipe for popovers. All members were present. January 24—At this meeting the popovers were brought for display. It was planned to change the meetings to every other week on Thursday. A new election was held and the following elected: president, Beatrice Bonesteel; vice president, Shirley Benton; secretary, Dorothy Bonesteel; treasurer, Ellen Benton; song leader, Shirley Benton. All members were present. The girls will plan a menu for a whole day and bring it to the next meeting which will be held February 7.

## Red Cross Chairman Appoints Committees

A. B. Shufeldt, Red Cross fund chairman, announced today that his fund raising organization would number about one thousand. Only five key positions remain to be filled and then the corps of workers will be complete. Mr. Shufeldt stated that he expects the staff to be at full strength by February 1.

During the month of February, meetings of the various committees will be held and plans will be formulated for a thorough and effective fund raising campaign so that when the Red Cross drive opens March 1, workers can proceed with a minimum of confusion and delay.

Although indications are that this year's quota will be less than it has been in former years, Chairman Shufeldt wishes to make sure that Ulster county will raise the sum allotted to it within the prescribed time for the second consecutive year. He, therefore, has decided to maintain the large working force which did so well in the last War Fund drive.

## Religious Radio Programs

Cooperating with station WKNY, the Ministerial Association will sponsor the following programs of Christian faith and inspiration during the coming week: From the sanctuary of the Ponckhockie Congregational Church on Sunday, 11 to 12 o'clock, the morning service of worship and sermon by the pastor, the Rev. Oosterhout Phillips. Morning devotions each day, Monday through Friday at 8:45 a. m., will have the following ministers officiating, as indicated: Monday, Major Watson J. Hoffman of the Salvation Army; Tuesday, the Rev. J. Dean Dykstra, pastor of the Fair Street Reformed Church; Wednesday, the Rev. Ernest L. Witte, pastor of Immanuel Lutheran Church; Thursday, the Rev. William R. Peckham, pastor of Clinton Avenue Methodist Church; Friday, special program sponsored and conducted by the Ulster County Christian Endeavor Society featuring a Christian Endeavor choir. On Saturday at the same hour, the International Sunday school lesson will be presented by the Rev. Earl Lee, pastor of the Church of the Nazarene.

## Autos Collide

Automobiles driven by Donald D. Wood of 97 Downs street, and Joseph Steiner of the Governor Clinton Hotel, collided at 1 o'clock Friday afternoon at the intersection of Smith avenue and Downs street, according to reports filed with the police. No personal injuries were reported, but both cars were somewhat damaged.

## \$200,000 Navy Fire

Long Beach, N. Y., Jan. 26 (AP)—A Quonset hut used as a garage by the Lido Naval Training Station, several trucks and tractors and spare parts were destroyed last night by fire. Capt. S. S. Bunting, commander of the station, now used as a discharge center, estimated the damage at \$200,000.

Troop 3 The Girl Scouts of Troop 3 are continuing their badge work. The usual rituals were observed at the last meeting.

Court of Awards Troop 5, St. John's Church, held its semi-annual Court of Awards Wednesday evening, in conjunction with Troop 7. The Court of Awards started with the flag ceremony.

Flag bearers for Troop 5 were Carol and Mary Lou Mehm; color guards, Kathleen Sakers and Kathryn Schiavone. The scouts and parents gave the Pledge of Allegiance and then sang the Star Spangled Banner.

A candlelight ceremony was held for investiture of the following tenderfoot scouts in Troop 5: Jean Fay, Barbara Weeks, Claire Griffin, Patricia Houghtaling, Jean Downsbrough, Helen Kelley, Genevieve Lester, Ann Hornbeck, Janice Oppenheimer, Joan Walsh.

The mothers of the tenderfoots presented the pins to them. All the scouts then joined the new members in the Girl Scout promise. Last year's tenderfoot scouts were presented with second class badges. These girls are Mary Annbrose, Bernice Andrews, Joan Barnowitz, Helen Barnum, June Caruso, Sally Castiglione, Nancy Gray, Pauline Hohenberger, Jacqueline Huettis, Janet Hutton, Margaret Johnston, Ruth Kelley, Ann King, Josephine Mancuso, Susan Munde, Carol Mehm, Mary Lou Mehm, Susan Phalen, Kathleen Sakers, Kathryn Schiavone, Marilyn Werbalowsky.

In Troop 5 swimmer badges were presented to Jean Rider, Mary Lou Mehm.

Flag bearers of Troop 7 for the flag ceremony were Betty Stillman and Janet Hornbeck. Color guards, Gloria Ahlers and June Rider. The following badges were awarded in Troop 7:

Interior decoration: Joan Bennett, Joan Fay, Joan Gunter, Gloria Ahlers, Betty Jane Smith, Ruth Will.

Design: Gloria Ahlers. Foods: Doris Terns and Joyce Hoban.

Drawing and painting: Joan Bennett, Joan Fay, Joan Gunter, Gay Pangburn.

Bookbinding: Joan Bennett. Clothing: Doris Terns.

Dramatics: Janet E. Hornbeck, Betty Stillman.

Swimming: Doris Terns, Diana Shultz, Carol Schoonmaker.

Starkinder: Joan Fay. Cook: Dorothy Wilson, Gay Pangburn, Joan Day.

The girls of Troop 7 presented a play "And the Lamp Went Out." The cast included Shirley Bundy, Joan Fay, Barbara Millers, Gay Pangburn, Joan Bennett, Mrs. Bennett. After the awards and play all present sang the hymn of scouting, "Day is Done," and recited the Girl Scout prayer.

Troop 7 Activities Teams 1 and 2 of Girl Scout Troop 7 bowed at Central Recreation Alleys Saturday. Girls making the highest scores were: Game 1—Team 1, Dorothy Wilson, 102; Team 2, Janet Hornbeck, 85.

Game 2—Team 1, Shirley Bundy, 108; June Rider, 106; Team 2—Gloria Ahlers, 117.

As their money making proposition for the year, the scouts of Troop 7 are planning a St. Valentine's Eve Dance, to be held at the Y.M.C.A. February 13. There will be an orchestra and refreshments. This dance will be open to the public and tickets may be obtained from any Troop 7 scout or at the door.

Troops 8 and 39, St. Joseph's Church, at the meeting on Tuesday, elected a new set of laws and rules to be observed by the girls. These scouts are planning to study the proper way to march. They are working on cook, interior decoration, junior citizenship and design badges. At present these

troops, numbering more than 50 girls have but one leader, Miss Flaherty.

Troop 9 Troop 9, St. Joseph's Church, are Senior Wing Scouts. They recently entertained Senior Scout Troops of St. Mary's and St. John's Churches at open house. Senior Wing Scouts have worked on making out cards for some of the publications in the new Girl Scout Library. They took a nutrition course in conjunction with Senior Service Scout Troop 11 of St. John's Church. At the last meeting, Tuesday, the Senior Wing Scouts decided that since next month is International Month, they will do a project on one of the U.N.O. countries. They chose Holland. They will work on the project until the end of February, after which time they plan to have an exhibition and a play. Troop 9 also celebrated the birthday of Wing Scout Laureen Davis on Tuesday.

Troop 11 Troop 11, Senior Service Scouts, St. John's Church, are continuing on their glass work.

Troop 22 Troop 22, at its last meeting, participated in folk dancing under the direction of Mrs. Lewis, temporary leader. The girls also started to organize their patrols and elected officers for the patrols organized. Miss Thelma Eggleston is acting as assistant leader.

Troop 44 Brownie Troop 44, Port Ewen, devoted its last meeting to writing letters to the pupils of a rural isolated mountain school in the south. The pupils in the rural isolated mountain schools do not have many books and do not have paper on which to write but use slates instead. The Brownies are planning to adopt one of these less fortunate schools and will try to help them with whatever supplies they need.

Troop 45 Troop 45, Port Ewen, moved into the new meeting room in the Reformed Church in Port Ewen. The girls cleaned and waxed the furniture and arranged everything at their last meeting Monday.

Troop 51 Troop 51 did not meet this week due to the illness of the leader, Mrs. Moleski. The troop will meet next Monday as usual.

Troop 53 Troop 53 met at the First Presbyterian Church, Tuesday. The meeting started with the horseshoe formation led by Barbara Hutton. These scouts are working on the design badge and are allowed to use their own imagination. They have chosen different things to do in the design field, and are planning patterns for quilt applique and metal work. Mrs. Casper Soiers, the leader, is assisted by Mrs. John R. Henry, who is keeping records of the girls' progress.

Troop 55 Brownie Troop 55 met at the First Presbyterian Church Thursday. The Brownies started their meeting with the fairy circle and song and pledge. They are working on handicraft and at the last meeting made pictures.

Troop 58 Troop 58, at the Monday meeting, planned for Girl Scout tenderfoot installation service of three girls. The scouts started their meeting with the horseshoe formation and a social. They are working on second class badges.

New Brownie Troop The new Brownie troop of St. James Church visited the Senate House Museum on Fair street Saturday, January 19. The girls were much interested in a 304-year-old clock and a Franklin Heater used in front of the fireplace years ago. They were also interested in the old picture and paintings and particularly in an old English Bible printed in 1599.

Accord, Jan. 26—Miss Betty Ostrander graduated from the Austin Baccalaureate School, Albany, on January 18, and has returned home.

Sgt. George Berry, who has been in the European theatre of war for the past two years, arrived home last Thursday night from Fort Dix. He has been honorably discharged from the army.

Mrs. I. N. Saxe and son, Bobby, of Indianapolis, is visiting Mr. and Mrs. John H. Saxe.

### Novelty Features Planned for March of Dimes

A large group of workers met last night at Ball Chairman William Kelly's home to make further arrangements for novelty items to entertain those attending the Infants Paralysis Ball at the Poughkeepsie Hotel, on Wednesday evening, January 30. With Campaign Director Ray McAndrew presiding, it was decided that the giving away of nylon hose in one of the novelty features would be appreciated by ladies attending.

Jerry Martin, the "young photographer" of the 1944 Ball, which was held at the Governor Clinton Hotel, volunteered his services to photograph groups of guests for a nominal fee which will entirely go to swell the "March of Dimes" fund. It is also expected to have a number of unique handmade gifts for both ladies and gentlemen.

At the present time the \$1,600 "Iron Lung" is on display in the Montgomery Ward window on North Front and Wall streets, and is attracting a large number of window shoppers.

Radio Chairman Joe McTague has just contacted and made arrangements to have Ruth Wilkins, R.N., state orthopedic nurse, speak over WKNY on Tuesday evening at 7:50 o'clock. This evening at 6:35 o'clock Mrs. Virginia Everett, R.N., chairman of the nurses' committee of the Ulster County Chapter of the Infants Paralysis Foundation, will speak on nursing care in polio treatment.

### Proposes Law Against Sleeping Pill Menace

Albany, N. Y., Jan. 26 (AP)—A law to combat what Senator Thomas C. Desmond asserts is "an extensive illicit traffic" in sleeping pills was proposed today by the Newburgh Republican.

Desmond said he would introduce a bill Monday night in the legislature providing for tightened controls "to stop the gaps in the present law and protect that portion of the public overly ready to use these drugs without the approval of a physician."

"By prohibiting the sale without the permission of a physician, the definite use of a prescription long after the medical need for it has passed will be prevented," he said. "The 'black market' in barbiturate drugs will be struck at its roots by prohibiting sales except to approved outlets such as physicians, pharmacists, hospitals and clinics. Making illegal possession punishable under the penal law will put teeth into the law."

Another bill by Assemblyman Wilson C. Van Duzer, Middletown, would create a state employees' merit award board to set up awards for unusual and meritorious suggestions. The awards would be cash, pay raises not above the maximum for the job, or certificates.

### Associated Press Head Warns Against Propaganda

Durham, N. C., Jan. 26 (AP)—Robert McLean, president of the Associated Press, cautioned here that the United States may become engaged in a "propaganda race with other nations" if it includes news in its foreign informational services.

Such a race, he stressed in an address before the North Carolina Press Association last night, would "becloud, rather than clarify, foreign impressions of this country." McLean, publisher of the Philadelphia Bulletin, said such a propaganda race might follow dissemination of news abroad if short wave broadcasting should "become a deliberate instrument of foreign policy."

He reviewed the international information program as proposed by Assistant Secretary of State William Benton and commented: "It is only in the field of news broadcasting by the government that the program has been seriously questioned."

The Philadelphia publisher expressed the personal view that the government could not engage successfully in the preparation and distribution of an impartial news report, because when it does, such news becomes "immediately suspect."

"Let us continue to establish," he pleaded, "our moral credit around the world by our efforts to maintain free and equal access to news and its communications, and the fullest exchange of that exchange to those dedicated to impartial and objective reporting. That way, indeed, lies the national interest."

With the wide publication of his letters, "Innocents Abroad," Mark Twain became the most extensively read author in America.

### Drab Army Shacks To Become Cheery Quarters for Vets

Albany, N. Y., Jan. 26 (AP)—Drab, hard Army barracks will become bright, comfortable apartments under the State's Emergency Housing Program for war veterans, Governor Dewey said today.

Once the projects—of which five are under way—are completed, Dewey said, veterans will find the apartments of one, two, or three rooms probably much better than many "civilian" dwellings.

The governor announced that a committee of five leading decorators from New York city had been appointed to select color schemes, suggest furnishings, and otherwise assist in converting the Army installations into livable homes.

The committee will furnish model apartments at each installation to guide tenants in buying their own furniture. Headed by Clifford Burroughs, the group also consists of Mrs. Archibald Brown, Edward J. Wornley, Nancy McClelland, and Mrs. Elizabeth Carrington Draper. The committee was chosen by Joseph Mullen, New York, national president of the American Institute of Decorators.

Military buildings are being or will be converted into apartments, at Fox Hills, Manhattan Beach, and Fort Tilden in the New York city area, at the Syracuse Air

Base, and at Fort Niagara, near Niagara Falls.  
State officials are working out a schedule of rents, the governor pointed out, so that veterans can live as economically as possible in the apartments. The rental will include all public utilities.

### More Stock Companies Indicates Business Boom

Albany, N. Y., Jan. 26 (AP)—Secretary of State Thomas J. Curran says the "tremendous upswing" in New York stock company formations indicates "far better business conditions" than the state "has known for 20 years."

The state department reported that 18,847 stock companies incorporated last year topped all totals since 1933.

Of 1945's incorporations, 6,532 recorded total capitalization of \$272,200,405, highest figure since 1928. The other concerns issued stock of no par value.

The refreshment committee will be Cora Parks, Grace Woodcock, Mary Bell and Elizabeth Wood. About 50 members were present at the January meeting of the Dutch Guild held at the home of Mrs. Arthur Kutz on the Kettleburg Road. This was one of the largest and most delightful meetings of their history. The president, Mrs. Gordon Pine, presided over a business meeting, which covered a wide range of philanthropies which the Guild sponsors. Mrs. Fred Dressel was in charge of the devotional period read from the Book of the Psalms with quotations from the great churchman, Henry Drummond, and her prayer called for a personal rebirth of faith in every member. Afternoon speakers were the Rev. Garrett Wulfschlaeger of New Palitz Reformed Church and the Rev. Robert Gordon Dickson of the Reformed Church, Hurley, in the manner of informal conversation, reviewed most interestingly the history of the Reformed Church. At the close of the program, tea was served in the dining room by Mrs. David DuBois and her committee. The table was pretty with decorations of pink roses, carnations and lighted candles.

## Louis Rates Conn Better Boxer; Out To Get Him Early

Columbus, O., Jan. 26 (AP)—Joe Louis says Billy Conn is "three times a better boxer than I am." Conn, in case you've forgotten, fights Louis Sunday in New York's Yankee Stadium for the world's heavyweight boxing championship. "I hope to catch him early," Louis said here yesterday while on a brief visit with friends. "I figure if I can't knock him out early, I should catch him with a hard punch and rock him. That would make him quit boxing and make him slug it out with me. You know, Conn is three times a better boxer than I am."

The champion said he planned to rest next month before beginning a two-month training grind March 1.

**Giants Sign Blumenstock**  
New York, Jan. 26 (AP)—Jim (Blackie) Blumenstock, former triple-threat back at Fordham, has signed a contract to play with the New York Giants of the National Football League next season. A Navy fighter pilot during the war, the 27-year-old player comes from Rutherford, N. J.

## Maroons Wallop Saugerties By 61-27; Murray Gets 17

**Highest Score in Two Years Is Rolled Up Friday; Two Guards Miss Contest.**

Kingston High School's flying basketball machine traveled to Saugerties last night and rode home on the wings of victory with a 61-27 win over the northern Ulster school. Minus the services of their first string guards, Len Sickler and Bob Miller, the Maroons managed to run up their largest score of the season, and their highest in two years by turning in a stellar performance.

The amazing facts about the fine Kingston showing last night come regarding the absence of the two first string guards, and the fact that the starting team played less than three quarters. Miller has been out since the Newburgh contest with the flu, and Sickler twisted his ankle in that contest, which had not healed completely by last night.

The big three of the Maroon squad, Eddie Weaver, "Red" Murray and Tony Albany, again paced the local five to victory. Murray was high this time with 17 points, Albany followed with 15, and Weaver with 11. This brought the total of the big three to 43 for the evening.

**Third Straight Win**  
This was the third straight victory for the Kingston team, and its fifth in the last six starts. Wins over Newburgh, Liberty and Saugerties have brought the Kiamen's record to seven wins against three setbacks. In the last three contests, the Maroons has run up a total of 176 points, an average of almost 60 points per game. Saugerties was led in scoring by Joe Doyle and Bob Terpening who tossed 10 points apiece through the hoop. These two boys were the only men of Coach Cahill that were able to give the Maroon any sort of a battle as the locals moved down the floor to score almost at will.

The second string guards inserted by Coach Kias performed excellently on the defense. Bob Gheer, Harry Koch, and Neal Dunham held the Saugerties cagers down, and recovered many rebounds to add a good floor game to their achievements. George Glaser again crashed the lineup in the second half and again turned in a beautiful game. Tossing in eight markers, Glaser was the star of the second half of play, and Kingston's fourth high scorer.

The second quarter was the time of the big drive of the Kiamen as Murray, Albany and Weaver made their spectacular shots count. The Kiamen outscored their opponents 23-8 in that second quarter to set their highest

individual quarter mark for the year.

In the preliminary game, the unbeaten Kingston High jayvee squad topped the Saugerties juniors by a 48-31 score. Lafayette Halstein was high man for the Maroon juniors with 15 points. Ward Dunham, second string center, was second in the scoring line with 12 points. Dunham turned in his best performance of the year for the Tobinians.

## Levitt to Appear in Exhibition at Arlington School

**Free Throw Champion Slated for Showing Next Wednesday Night at 7:30**

Weldon "Mac" McCluskey, Poughkeepsie Y. M. C. A. physical director, told The Freeman this morning that Harold "Bunny" Levitt, world's free throw champion, will stage a free exhibition next Wednesday night, January 30, at the Arlington High School gym. The program will start at 7:30 o'clock and all basketball fans are invited.

Levitt holds the world's free throw championship—499 consecutive free throws without a miss, and for this feat was featured in Bob Ripley's "Believe It or Not."

Later, Levitt shot free throws for 75 hours and missed only two of 871 attempts. The nationally-known basketball ace was recently discharged from the army having served since 1942. He organized the physical training program at Sheppard Field in Texas and later acted as physical instructor at Mitchell Field for convalescents.

During next Wednesday's basketball clinic, Levitt will demonstrate and explain in detail basket shooting as well as passing, dribbling, pivoting, offense and defense. In the demonstration he will use two teams selected from the Arlington High School squad.

Levitt, who appears in the Dutchess County gym under the sponsorship of the Converse Rubber Company, will show movies of the finals of last year's National Invitation tournament at Madison Square Garden. His exhibition is being made possible through the combined efforts of the Vander Linden's and the Central Hudson Board of Approved Basketball Officials.

## Three Golfers Are Tied for Lead in Phoenix Open Play

**Burkemo Shoots Five Under Par to Tie Hogan and Vines; Is Ex-Soldier**

Phoenix, Ariz., Jan. 26 (AP)—Stucky Walter Burkemo of Detroit, surprise package of the \$7,500 Phoenix Open golf tournament, tied off in the second round today—and gave the weather all the credit for his five-under-par score yesterday.

Burkemo shot 34-36—66 to enter a three-way tie for first with Bolin Ben Hogan of Hershey, Pa., and Ellsworth Vines of tennis fame.

Herman Keiser of Akron, O., shot a 34-36—67. At a slightly cooler 68 Jimmy Hines, Chicago, George Schneider, Salt Lake City, and Henry Bessler, Los Angeles, were bunched.

Bracketed at 69 were Henry Ransom, Houston, Tex.; Joe Zarhardt, Norristown, Pa.; F. J. (Dutch) Harrison, Little Rock, Ark.; and Herman Barron, White Plains, N. Y.

Former Arizona amateur champion Franc Stranahan of Toledo, Ohio, led the amateur shooters with a 37-33—70. Smiley Quick of Los Angeles was second with a 71 and easy-swinging Mario Gonzales, the Brazilian champion, carded 72.

Vines got away to a bad start, but recovered five birdies on the last nine, making the rounds in 35-31.

Hogan's trip was the same both ways—33-33.

Jim Ferrier of Chicago, established as the favorite along with Hogan before play started, was in constant driving trouble. He wound up with a 35-37—72.

Others with the same score were Viv Ghezzi, Knoxville, Tenn.; Ed Furgol, New York City; Dick Metz, Arkansas City, Kans.; and Ray Mangrum of Los Angeles. Tony Penna of Dayton, Ohio and Harold (Jug) McSpaden shot 73 along with Lloyd Mangrum of Los Angeles and Tom Shannon of Detroit who made a hole-in-one on the 13th.

## Ski Meet Postponed

Due to insufficient snow coverage of its ski jumping hill the Norwegian Ski Club has postponed its New York state ski jumping championship to February 10. It was originally scheduled for January 27. The new date has been officially sanctioned by the U. S. Eastern Amateur Ski Association.

## MacMitchell Is Winner; Set for Millrose Meet

**Former N. Y. U. Miler Cops Philadelphia Race With 20 Yard Advantage**

Philadelphia, Jan. 26 (AP)—With the race he needed for final preparation behind him, tall and slender Leslie MacMitchell appears the man to beat in the Wanamaker Mile in the Millrose A. A. Track and Field Meet in Madison Square Garden next Saturday night—and the man to beat at that distance from now on.

The former New York University star and outstanding miler in the country before he went into the navy about four years ago won the Philadelphia Inquirer Mile Race featuring that newspaper's invitational indoor meet last night in Convention Hall before 8,000 spectators.

## Second Appearance

It was MacMitchell's second competitive appearance since his discharge from the navy, his first at the mile. He ran third in the 1,000-yard race in the Metropolitan A. A. U. Indoor Championship last week behind Fred Sickinger of the New York A. C. and Stan Callender of New York University.

In winning the mile, MacMitchell was clocked in four minutes, 14.1 seconds, as he led Tom Quinn, former Michigan Normal athlete running for the New York A. C., Durable Forest Ewald of Stillwater, Okla., and Bill McGuire of the New York A. C. to the tape in that order.

## 20 Yards Ahead

The dark-haired MacMitchell showed he is ready for the mile competition by the heady race he ran. Never worse than fourth in the field of seven in the 12-lap race, MacMitchell moved into second place behind Quinn at the half way mark and remained there until about a lap and a half from the finish. Then he let go with a burst of speed that carried him to the tape 20 yards ahead of Quinn, who finished that much ahead of Ewald.

How much of a threat the French mile champion, Marcel Hansenne, will be to MacMitchell and other Americans in the Wanamaker Mile remains to be seen.

The jovial Frenchman, in white togs, ran smoothly around the track for a few laps last night. He displayed a springy stride as he ran unopposed.

## Bowling GoldRush Hits Chicago With Three Tournaments

Chicago, Jan. 26 (AP)—The gold rush of the nation's top bowlers hits Chicago three ways today—with more than \$85,000 in the pot at the end of the alleys for those with the most strikes and spares and fewest splits.

The three tournaments are Louis P. Peterson's 34th annual individual classic, which carries along with it his "2-in-1" tourney, and Dom De Vito's fourth annual classic.

The two Petersen tournaments will have a gross value of \$62,000; De Vito's, \$22,125. There are medals, including a diamond-studded addornment in the Petersen classic which carries total awards of \$52,000 for the top notchers.

The Petersen tournament actually got underway last week with squads rolling Saturday and Sunday. Then the firing ceased for the rest of the week, but resumes today to continue daily through February 10. In all, 2,000 keggers entered the individual, with Frank Sospirato of Cleveland turning in a high score of 1,627 for eight games across 16 alleys among the 156 competitors last week-end.

A total of 448 pairs entered the "2-in-1" branch of the Petersen meet, with Henry Koopman of suburban Hazelcrest and Bill Redding of Harvey, Ill., turning in the top score—1,584.

In the De Vito tournament, 865 individuals are entered in the ten days of play, most of them also entered in the Petersen classic. In both tournaments, the entrants roll eight games across 16 alleys.

Top prize in the Petersen classic is \$3,100, plus a diamond medal. In the De Vito tournament, top cash is \$2,500.

## Better Bowling By Billy Sixty

**EYE ON PINS:** Swinging all the way, allowing the ball to follow a full arc, backward and forward, is the natural result of "pin" bowling. It comes with "keeping the eyes on the pins."

Of the three systems, "spot," "line," and "pin," "pin" bowling is probably the least wearing because it is the easy completion of an easy stride—footwork that starts slowly, like taking a walk. The stride gets under way from a fairly upright stance or position of the body, with the ball held approximately waist high.

In using the "eye on the pins" method it is important that the bowler "line himself up" carefully. He must be in position to send the ball along a path or line to the one-three pocket by means of perfect footwork that finishes at an identical spot each time at the foul line. He must learn to change his stance to meet either a slow or fast condition of the alley by starting the ball 10 to 12 inches from the right hand gutter when the alley is fast (skiddy) or farther toward the middle of the alley when the alley is slow (runs) so that his ball takes about the same amount of break (turn) toward the pins, without changing the speed of the ball.

### Staten Island Fire Is Cause of \$500,000 Damage

New York, Jan. 26 (AP)—Four Staten Island piers, two barges and three freight warehouses were destroyed last night in a spectacular, windswept fire which officials said caused damages estimated at more than \$500,000.  
The three-hour blaze, which sent up columns of smoke and towers of flames visible throughout the metropolitan New York area and the New Jersey shore, finally was brought under control at midnight. Cause of the fire was not determined.  
All the piers destroyed were owned by the Baltimore and Ohio Railroad Co. Locomotives hurriedly pulled 350 freight cars to safety from spark-showered yards adjoining the piers.

### W. Bruce Chilson Heads Highway Superintendents

Albany, N. Y., Jan. 26 (AP)—W. Bruce Chilson, Falconer, is the new president of the New York State County Highway Superintendents' Association.  
Chilson was elected yesterday at the association's 35th annual meeting to succeed Arthur J. Yaw, Buffalo.  
Other new officers named are L. Prosens Haver, Hudson, and J. C. Guilbert, Mineola, vice presidents. L. P. M. Gaylord, Lowville, secretary, and A. M. Kennedy, treasurer, were re-elected.

**Home Sweet Home**  
Tacoma, Wash., Jan. 26 (AP)—Byron E. Brown of Westfield, Mass., spent three years in the China-Burma-India theatre without receiving an injury.  
Boarding a homeward bound train he was hit on the head and knocked down by a piece of glass which fell 75 feet from the station dome.  
It sent him to the hospital for the night, but now he's headed for home again—the hopes.

**Lockout**  
South Bend, Ind., Jan. 26 (AP)—Basketball Coach John Longfellow of Elkhart High School got only half a peek at the South Bend Central team he scouted in a Central-Mishawaka game.  
Longfellow took abundant notes during the first half. But during the intermission he found himself locked in the officials' dressing room, where he sweated out the second half—alone.

**Ducks In**  
Chicago, Jan. 26 (AP)—Alvin D'Zur opened the back door of his home to investigate a strange quacking noise and a wild duck waddled into the kitchen.  
D'Zur, aware of the meat shortage, said the duck apparently had been grounded. After refueling the fowl on bread and water, however, he plans to free it if its flying equipment is functioning.

**New Jet Fighter Is  
Powerful as Fortress**  
Murco Dry Lake, Calif., Jan. 26 (AP)—One of the newest and most powerful jet fighter planes, consolidated Vultee's XP-81 designed for the Army Air Forces, was test flown for the first time yesterday as military observers watched approvingly.  
The all-metal, low wing monoplane with a 50½ foot wingspread combines the pull of a propeller whirled by a revolutionary gas turbine (propjet) and the tail blast thrust of a jet engine.  
Scant seconds after its wheels left ground, the plane disappeared in a roar that shook the hangars at the army's flight test base. Its speed was not announced.  
The jet engines can be used alone or together. Both burn kerosene and neither requires a warm-up. Engineers said the combination unit gives the plane virtually as much power as the four huge reciprocating engines in a Superfortress.

### Esopus Residents Plan Discussion of U.N.O.

A mass meeting will be held in the Ulster Park Community Hall, on the Station Road, on Monday, January 28 at 8 p. m., to acquaint the citizens of the Town of Esopus with the provisions of the proposed U.N.O. permanent site, which has been offered to the U.N.O. committee by the Kingston U.N.O. committee.  
The meeting has been called by several residents of the Ulster Park area which has been proposed by the Kingston committee for the permanent site. These citizens wished to be further informed on the subject and feel that many more of the citizens of the town not located in the area would also like more information on the subject. Town officials and members of the Kingston U.N.O. committee will be present to explain the proposal and following this a question period will be open to all.  
This is a matter that vitally concerns every citizen of the Town of Esopus, whether a landowner in the proposed area or a resident of another portion of the town. This is everyone's opportunity to acquaint himself with the facts of the matter.

### Shriners Will Elect Officers Next Wednesday

The Kingston Shriners' Association will hold an important meeting Wednesday evening, January 30, in Masonic Temple on Albany avenue.  
Officers for the ensuing year will be elected, and reports of the various officers on the activities of the association during the past year presented.  
Every Shriner, whether a member of the association or not, is urged to attend the meeting, which will start at 8 o'clock.  
The present officers are Fred L. Van Deusen, president; Herbert A. Thomas, secretary, and Arthur A. Davis, treasurer.  
One of the main discussions at the meeting will be on whether to resume the annual Shriners' Ball abandoned during the war years.
